Gentlemen:

In compliance with Tax-General Article 10-804.1(e), the Comptroller's Office has compiled the accompanying Corporate Statistics of Income Report. This report contains detailed information on Maryland's corporation income tax base. The information is a tabulation of all tax year 2011 corporate returns processed as of December 6, 2013. Because some corporations file on a fiscal year basis rather than a calendar year basis, and prior year returns are often amended (due to net operating loss carrybacks, audits, credits, etc.), this report may not be directly comparable to reports issued last year.

I am pleased to submit to you this report, which contains information for Tax Year 2011.

Cordially yours,

A handwritten signature in black ink, appearing to read "Peter Franchot". The signature is written in a cursive, flowing style.

Corporate Statistics of Income Accompanying Notes

- Includes returns processed as of December 6, 2013.
- Taxable corporations include those with positive Maryland Modified Income.
- Several tables include formatting modifications intended to prevent disclosure of pertinent taxpayer information. Modifications include:
 - In tables broken out by Maryland Modified Income, the symbol "}" indicates that multiple rows have been joined. The aggregated figure is centered between the joined rows.
 - In tables broken out by Federal Business Activity Code, the symbol "(D)" indicates that field has been joined with the Missing or Misreported data.
- Except for Tables 2, 6, 7, and 9, fields below the Share of Total heading represent the allocation of corporations with taxable income.
- Federal Business Activity Codes are based on the 2007 North American Industry Classification System (NAICS).
- Figures in parenthesis are negative amounts.
- Figures in a column may not sum to the total due to rounding. Amounts from comparable tables may not be equal or sum to totals due to rounding.
- Net operating loss adjustments may be carried back two years or forward twenty.
