Dear Ms. Fitzsimmons:

As requested by your office and therefore required by Section §4-216 of the Economic Development Article, the Comptroller's Office is reporting that the qualifying tourism tax increment is \$2.4 million for fiscal year 2019. This analysis relies on the sales tax industry codes reflecting revenue generated from tourism and tourism-related activities, as determined jointly by the Comptroller's Office and the Department of Business and Economic Development.

The attached table shows the industry codes and the percentage of revenues from those categories that we have jointly determined are tourism-related revenues, as well as the growth in these revenues in fiscal year 2017. Actual collections were \$468.9 million; as these revenues increased 4.1% for fiscal year 2017, above the 3% growth threshold, one half of the amount that is greater than 3% growth results in a tourism tax increment of \$2,402,758.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Andrew Schaufele
